

## KUSTOM TIMBER

Combining superior product, quality design and our expert team of flooring specialists, we take a holistic approach to flooring with our full service offering.

Launched in Melbourne in 2013 by business partners Mark Chaz and Tristan Tiller after decades of experience in flooring, Kustom Timber has built a strong reputation amongst Melbourne's boutique builders, architects and interior designers.

We pride ourselves on delivering every aspect of your flooring wants and needs, from product supply to install, all the way through to maintenance and aftercare.

Across our collections we use premium quality timber and state of the art production processes to create a range of traditional and designer finishes that are manufactured with integrity and regard for the environment.

# COLLECTIONS

All our manufacturing partners have been approved to meet our strict standards of operations.

All of our timber is sourced from renewable forests around the world.

Kustom Timber's staff are on the ground inspecting every order produced.

We offer a 25 year guarantee on the structure of our product.

The Kustom colour range is exclusive to Kustom Timber.

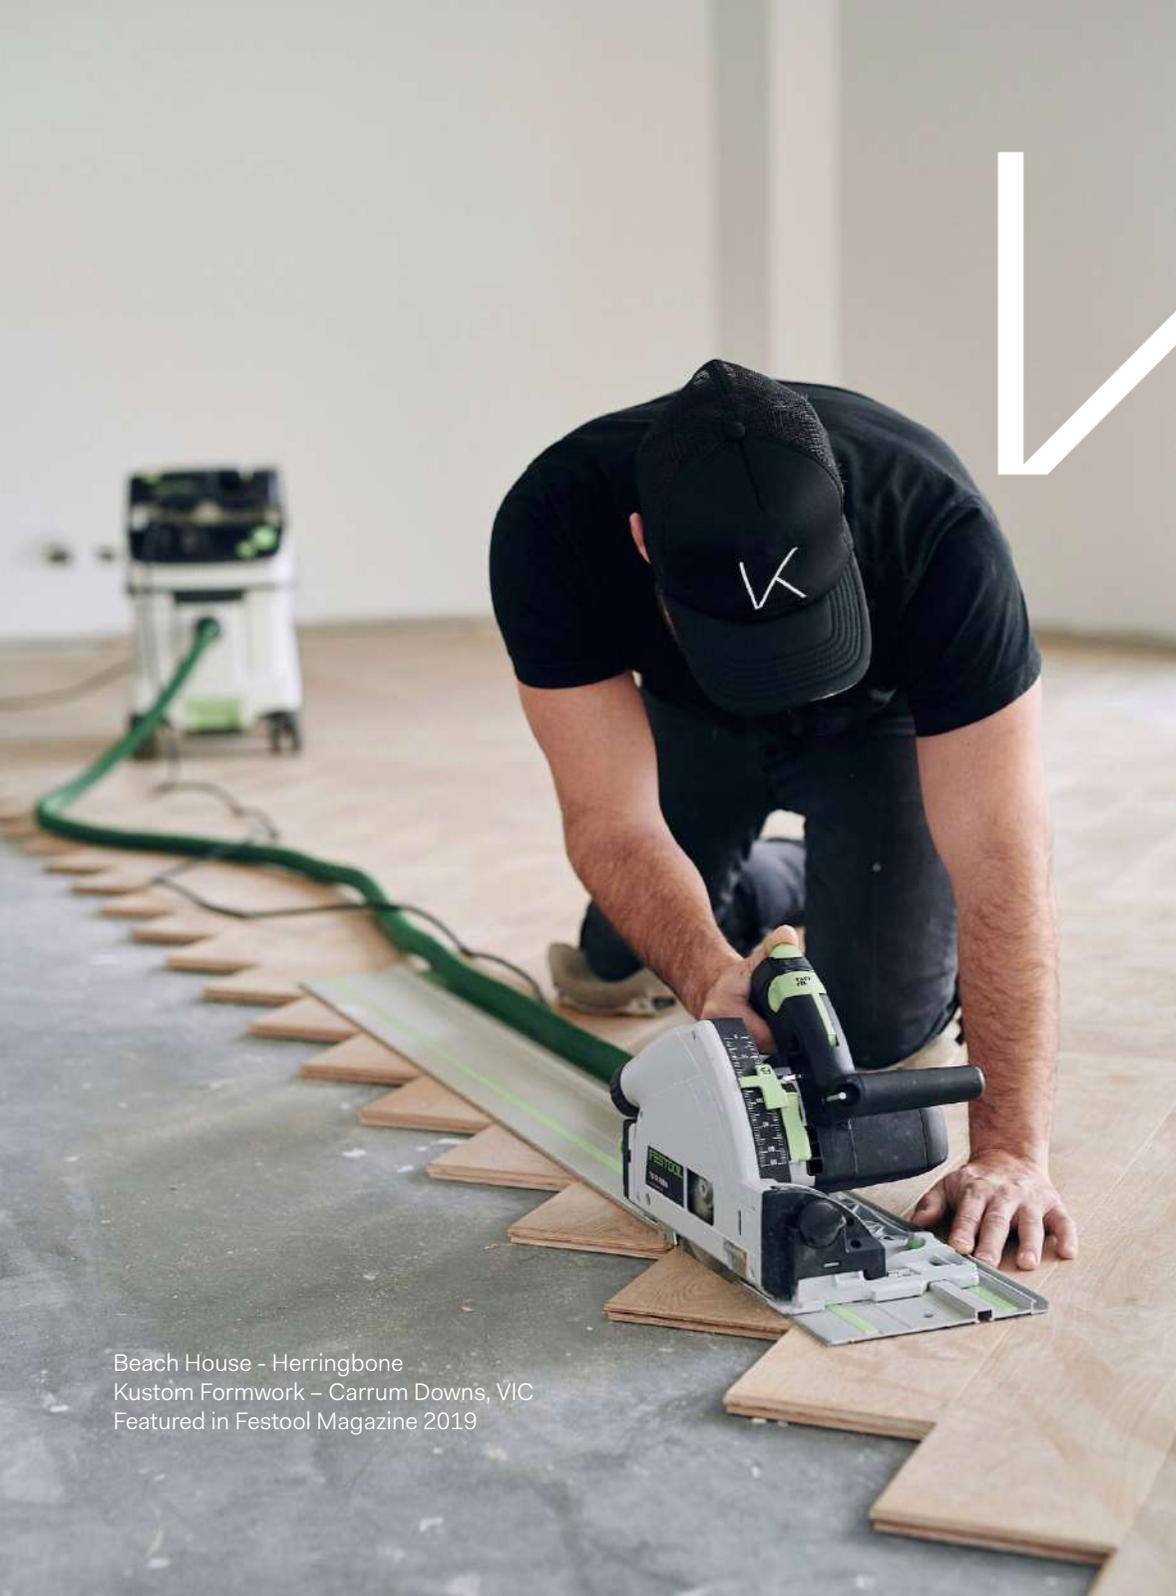

We continue to grow and invest in our product, constantly trying new colours, finishes and products.

Kustom Timber use multi layer ply on all our engineered flooring.

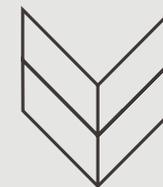

We are happy to work with our clients to develop new colours or match existing colours if required.

## INSTALLATION

Our highly experienced personnel teamed with our meticulous attention to detail, ensures the very best installation of your timber flooring.

We specialise in designing, supplying, installing and maintaining timber floors.

Our team oversees all manufacturing from start to finish, using only renewable FSC approved oak trees. With premium quality materials and state of the art production processes, we produce a range of floorboards designed for Australian conditions.

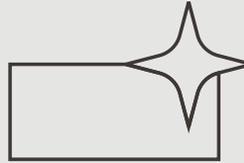

When it comes to timber flooring, there's much to consider. We like to make the process easy by guiding you every step of the way.

Our step-by-step full service offering includes:

- Showroom visit and initial consultation
- Quote and colour selection
- Installation
- Maintenance and care

## SAND & POLISH

At Kustom Timber, we've created a reputation for having an extensive range of colours and clever solutions for both timber selection and polishing techniques.

Our latest eco conscious polishes add life and durability to your stairs and floors, this comes without the toxic fumes and smell, meaning you can get back to living in your home quicker.

We know how daunting polishing a floor or stairs can be, so you can have complete trust in us to deliver the finish you require, on time, without any dust. This comes from over 25 years in sanding, staining and polishing, we work with you to create the exact colour you are after, the correct sheen level to finish with so you can enjoy your floors for a lifetime.

From prompt quotations, signed off sample approvals right through to how to maintain and look after floors, Kustom Timber have you covered.

## STAIRS

We're experienced in stairs – new and old – including bringing old stairs up to date with modern interior design. We combine our careful craft with state of the art machinery to create a centrepiece in your home.

Kustom Timber finish all stairs locally in Melbourne. Using the same product we use to install your flooring, we can ensure there will be no variation.

We are able to complete both closed and open tread staircase types to suit your requirements. All our stairs meet the building code on anti slip rating according to Australian standards.

Open and closed stair tread pricing is based on working drawings.

\*Timber is a natural product, variations will occur. Kustom Timber has provided this colour swatch as a guide only, the colour and character may differ with every floor.

## ABOUT US

### **Mark Chaz**

Director

Mark has been working in the flooring industry for almost 20 years. Starting as an installer, Mark gained experience in the family business – sanding, polishing and installing floors for over a decade.

When he noticed a shortage of businesses in the industry offering a full service with integrity, he set the wheels in motion to start his own company, and Kustom Timber was born.

Today, Kustom Timber is renowned for its unique and quality products, attention to detail and superior customer service. The Kustom Timber culture is one built off the back of Mark's approach to driving the industry forward, from finding innovative solutions to building relationships with customers based on mutual trust.

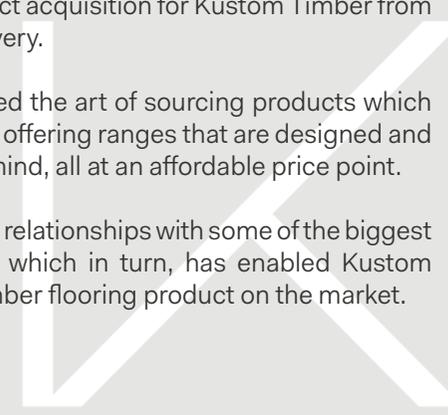

### **Tristan Tiller**

Director

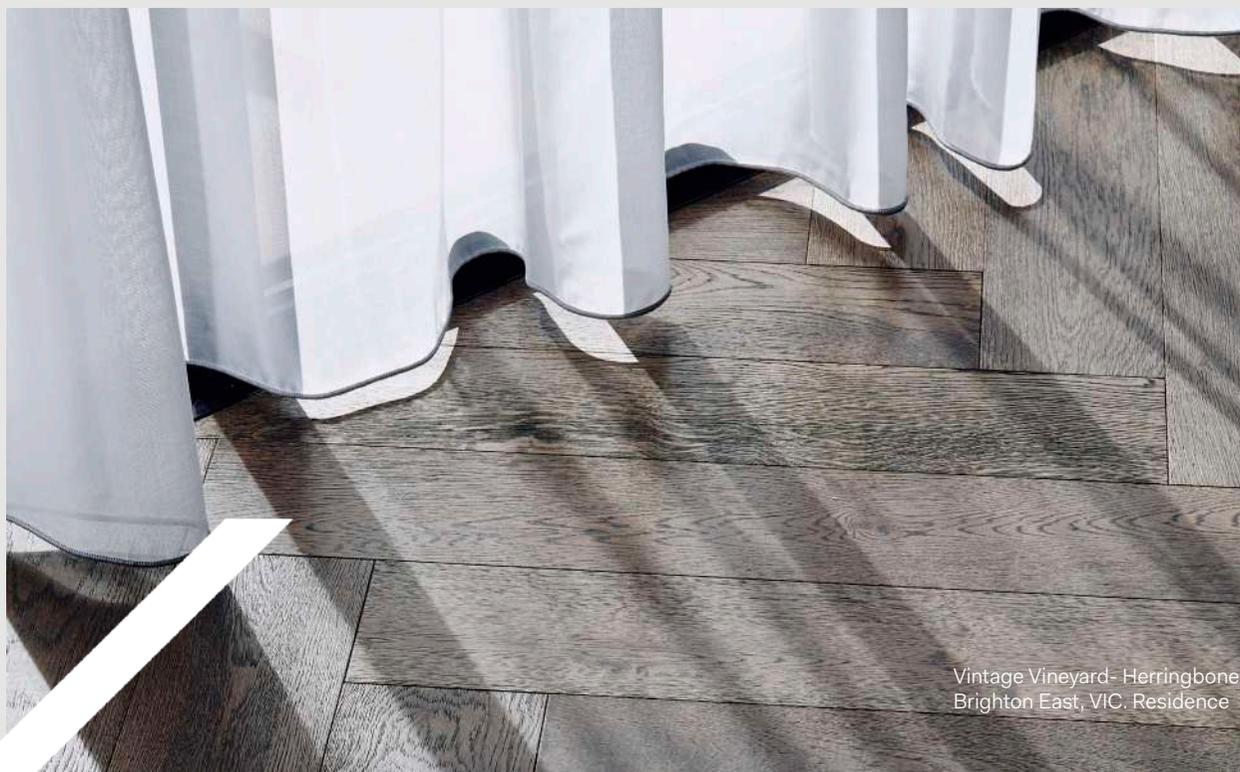

Tristan brings over 15 years of industry experience to the Kustom Timber team. With a background in retail, overseeing the buying for some of Australia's largest retail businesses, Tristan oversees product acquisition for Kustom Timber from sourcing through to production and delivery.

During his time as a buyer, Tristan learned the art of sourcing products which has set a benchmark for Kustom Timber, offering ranges that are designed and delivered with quality and innovation in mind, all at an affordable price point.

Over the past 15 years, Tristan has forged relationships with some of the biggest suppliers throughout Europe and Asia, which in turn, has enabled Kustom Timber to develop the highest quality timber flooring product on the market.
